## Benjamin Poss

Electronic-pop artist, Benjamin Poss, is a fresh face on the pop music scene and currently lives in Nashville, TN. His debut body of sound, B, was released March 15th 2016 and appeals to a wide variety of listeners through it's overall sound and message.

Benjamin Poss debuted his single IN\$QMNIA in October of 2015, which has received thousands of listens and video views worldwide. He has always been influenced by the entire world around him. His electro-charged pop sound is undeniable and is very unique in it's way of communicating.

Benjamin's overall purpose and mission is to show people that no matter what you've been through, you are not alone and you can survive.

## Estef

Estef is an LA based singer/song-writer. She was raised on soul and Motown and brings this to the table as it is the basis of the pop music she loves.

Estef finds that the music she was raised on has influenced her in such a way, that she would not be the artist she is with out it!

She would like to thank her parents and her friends for giving their undying love and putting up with her wacky, scattered brain!

She is more than thrilled to be a part of showcase this year and hopes you all enjoy and dance the night away!

## Nathan A-Ron

Nathan A-Ron is a multi instrumentalist 'acid-blues' music maker currently jamming the days away in the heart of Nashville, TN. To some, he's known as the highly energetic singer/shredder of his prog blues band 'Down Boy'. To others, he's the kid who plays

that gospel piano every Sunday like no one's business.

Amidst the beautiful chaos that defines the life of a professional musician, Nathan finds solitude in his personal art. 'Nathan A-Ron' is his new outlet for the music written outside of the chaos, free from the pressures and influences of the outside world, 100% A-Ron. The recordings are organic; each track is a performance.

Peer into the colorful mind of a genuine musician, a passionate creator, an artist of this generation that can't be ignored.
